EDUCATION

Chung-Ang University <i>Ph.D. candidate in Computer Science and Engineering, supervised by Prof. Junseok Kwon.</i>	Seoul, Korea Mar. 2025 – Present
Chung-Ang University <i>M.S. in Computer Science and Engineering, supervised by Prof. Junseok Kwon.</i>	Seoul, Korea Mar. 2023 – Feb. 2025
Chung-Ang University <i>B.S. in Computer Science and Engineering</i>	Seoul, Korea Mar. 2017 – Feb 2023

RESEARCH - CONFERENCE

- **Seonghak Lee**, Junhee Cho, Jisoo Park, Min-Gyu Park, Jongmin Lee, Ju Hong Yoon, Junseok Kwon, "URHead: A Unified UV-Space Representation for Joint Mesh-3DGS Optimization in Head Avatars" in Proceedings of European Conference on Computer Vision (**ECCV**), 2026
- **Seonghak Lee***, Jisoo Park*, Junseok Kwon, "Lightweight Wasserstein Audio-Visual Model for Unified Speech Enhancement and Separation" in Proceedings of IEEE Automatic Speech Recognition and Understanding Workshop (**ASRU**), 2025 (*equal contribution)
- **Seonghak Lee***, Jisoo Park*, Paul Hyunbin Cho*, Zongkai Xia, Loucif Hebbache, "Enhancing Sidewalk Maintenance through Accurate Joint Deflection Measurement" in Proceedings of IEEE 43rd International Conference on Consumer Electronics (**ICCE**), 2025 (*equal contribution)
- **Seonghak Lee***, Jisoo Park*, Junseok Kwon, "WildTalker: Talking Portrait Synthesis in the Wild" in Proceedings of European Conference on Computer Vision (**ECCV Workshop**), 3D Modeling, Reconstruction, and Generation in the Wild, 2024 (*equal contribution)
- **Seonghak Lee***, Jisoo Park*, Junseok Kwon, "POTF: Prompt-based Object-centric Tensorial Field" in Proceedings of International Conference on ICT Convergence (**ICTC**), 2024 (*equal contribution), **Oral presentation**

RESEARCH - JOURNAL

- **Seonghak Lee***, Jisoo Park*, Junseok Kwon, "WildTalker ∞ : Pushing the Limits of 3D Talking Portrait Synthesis in Unconstrained Environments" in IEEE Transactions on Audio, Speech and Language Processing (**T-ASLP**), vol. 34, pp. 1259–1271, 2026 (*equal contribution)
- **Seonghak Lee**, Jisoo Park, Radu Timofte, Junseok Kwon, "VT-Surf: Visual Tracking with Switching Dynamics under Time-Series Forecasting" in **IET Electronic Letters**, vol. 61, 2025
- **Seonghak Lee**, Jisoo Park, Radu Timofte, Junseok Kwon, "SOTA: Sequential Optimal Transport Approximation for Visual Tracking in Wild Scenario" in **IEEE Access**, vol. 12, no. 1, pp. 177028–177037, 2024

RESEARCH EXPERIENCE

DeepLearn 2026 – 13th International School on Deep Learning <i>Summer School Participant</i>	Orléans, France Jul. 2026
POLYGOM <i>Research Intern</i>	Gyeonggi-do, Korea Dec. 2024 – Current
University of Toronto <i>Visiting Scholar</i>	Toronto, Canada Jan. 2024 – Jun 2024

AWARDS

- | | |
|---|------------|
| Big Data Analytics Idea Contest by Sundo Soft (2nd Place) <ul style="list-style-type: none">• Analysis of fire service vulnerability areas and efficiency of current resource deployment (DEA) based on data such as fire, rescue, and emergency response incidents. | Sept. 2023 |
| Big Data Analytics Idea Contest by HD Hyundai Site Solution (3rd Place) <ul style="list-style-type: none">• Award presented for proposing accident prevention technologies based on the analysis of five major accident types using CCTV footage from construction sites. | Sept. 2023 |

SKILLS & INTERESTS

Skills: Pytorch, Numpy, Python, Java, Git, Notion, Slack

Interests: 3D Reconstruction, Talking Portrait Synthesis, Audio Enhancement and Seperation
